Medical.

The Most Important Medical Discovery of the Nineteenth Century is

DR. MARKS'

Syphilitic Cure!

THIS CELEBRATED REMEDY IS A SPEEDY, SAFE, AND RADICAL CURE FOR SYPHILIS IN THE PRIMARY, SECONDARY AND TERTIARY STAGES.

It does not contain a particle of Mercury, Iodide of Potash, Sarsaparilla, or any other poisonous drug. It is entirely vegetable, and is the only remedy known that will cure the worst forms of Syphilis in a short time.

DR. MARKS' HYPERILTHIC TEA

IS THE GREAT BLOOD PURIFIER AND GENERAL REMEDIAL AGENT. IT WILL CURE ANY FORM OF DISEASE, FROM A PIMPLE TO THE MOST VIRULENT POISON, OR MONEY BACK.

The First or Primary Stage of Syphilis

is when the disease is confined to a sore or chancre on the organ where the poison entered the system. This sore is usually on the sexual organs, but sometimes appears on the lip, tongue, finger, breast, or other part of the body. It is hard, and does not heal readily. In a few days the neighboring glands become swollen, and in a short time a red rash appears on the skin. This is the first symptom that the blood is poisoned.

The Second Stage of Syphilis

is when the disease has been CONSTITUTIONAL, and is known by these symptoms: Ulceration of the throat, mucous patches in the mouth, copper-colored spots, sores on the body, falling hair, and pains in the bones, which grow worse at night. These symptoms will appear sooner or later in every case of Syphilis, no matter how slight the primary symptoms may have been.

The Third or Tertiary Stage of Syphilis

is when the disease has run for years, and has destroyed the tissues and bones. Ulcers appear on the face, head, and other parts of the body, causing disfigurement, and finally death. Mercury and Iodide of Potash cannot cure this stage of Syphilis, but will only drive the poison from one part to another, causing Rheumatism, Neuralgia, Tumors, Cancer, Scrofula, Consumption, and many other diseases.

Dr. Marks' Syphilitic Cure.

WARRANTED TO CURE the worst cases in the shortest time. Price, $1.50 per bottle.

ADVICE TO THE AFFLICTED.

Readers, before you take SYPHILIS in the TERTIARY STAGE, you should write for a pamphlet on the subject, sent free by mail.
